

Dear Parent / Carer

Hegarty Maths Home Learning

This letter is to inform you about the home learning Mathematics programme we are running with our Year 8-11 students this year. Over the last two years we have seen fantastic progress from the students consistently completing their Mathematics homework on Hegarty Maths and we are keen to continue the trend this year.

Hegarty Maths makes it easy for you and your child to engage with their Mathematics homework. It teaches (via more than 800 10-minute videos), assesses (through small quizzes of around 10 questions) and tracks everything your child needs to learning in school. By using Hegarty Maths we aim to have a positive impact in the following areas:

1. Students' motivation for learning mathematics and their attitudes towards mathematics.
2. Students' attainment in mathematics – for our previous students, on average, doing an extra 30 questions per week on the system progressed students up an extra grade compared to their peers.
3. Parental engagement and the ability to assist and track your child's mathematics learning.

Your child will receive one homework per week on the Hegarty Maths platform and each homework, unusually consisting of three or more tasks, should take up to one hour to complete properly. Students will be set their homework each Monday during term time and it will be **due in the following Friday** evening. Each Hegarty Maths homework will consist of two main parts:

1. Watching and taking detailed notes from the 10-minute lesson videos.
2. Doing the quiz that follows the video.

We are also looking to improve our communication with you regarding your child's homework. As such, we will be sending home regular reports through our School Gateway app. I have attached an example of the report to this letter.

Thank you very much for taking the time to read this letter, we look forward to working with you this year.

Yours faithfully

A handwritten signature in black ink that reads 'Ashley'.

Mr C. Ashley
Assistant Associate Principal & Head of Mathematics

Hegarty Maths Homework

Student Name: -----	w/c: 14th September
---------------------	---------------------

Number of Tasks Set	6
