

Dear parent/carer

Virtual Year 11 Parents' Information Evening Thursday 24th September 2020 and year 11 assessments September 2020.

We would like to invite all parents/carers of students in Year 11 to the upcoming **Virtual Year 11 Parents' Information Evening on Thursday 24th September 2020.**

This is an ideal opportunity to gain an insight from subject specialists in the core subjects of English, Mathematics and Science in how to help to support your child in order to maximise their ability to achieve their full potential in their GCSE examinations.

We will also have the opportunity to meet with representatives of the academy to discuss:

- Supporting your child's wellbeing
- Effective revision techniques
- Careers and apprenticeship guidance

The evening will take place between 5.00pm and 7.00pm.

There will be no requirement for your son/daughter to make appropriate appointments, instead we will send out instructions of how to access the Microsoft Teams based event via a laptop, smart phone or tablet.

Attending this event will provide you and your child with a holistic view of how they can maximise their learning in the coming months, to secure the best possible examination results in the summer.

In the build up to the evening and as part of our ongoing commitment to supporting our year 11 students, we will also issue every year 11 student with revision guides pertinent to them and a scientific calculator free of charge.

We look forward to seeing you on the **Thursday 24th September 2020.**

Finally, the Year 11 assessment period will begin on the week commencing 21st September and all students will be provided with a personalised assessment timetable.

Should you have any questions regarding our plans for your child's recovery curriculum you may wish to email Mr Hicks hicksm@dartonacademy.org.uk or Mrs Gregory gregoryh@dartonacademy.org.uk who will be able to assist with your query.

Yours Sincerely

Mr Hicks
Vice Principal
